Inceiling

The invisible screen, when closed it is completely concealed in the false ceiling. It features an extremely flat fabric thanks to the external front fall and it is easily installed due to the exclusive easy-cut system which greatly simplify the operations. A strickered stencil gives the right measure of the portion of ceiling to cut.

The distancing bars which allow positioning the screen from 136 mm. up to a maximum of 1,100 mm. from the ceiling are supplied along with the screen.
